Web & Development: WordPress, Elementor Pro, WooCommerce, HTML5, CSS3, Bootstrap, Basic JavaScript

Visual Design: Adobe Photoshop, Adobe Illustrator, Banner Design, Marketing Creatives

PROFESSIONAL EXPERIENCE

WordPress Developer | Oktohut Pvt. Ltd. | 2021–Present

- Designed user-focused website interfaces in Figma, emphasizing intuitive navigation, visual hierarchy and responsive layouts.
- Created user flows, wireframes, high-fidelity UI designs and interactive prototypes to communicate website design concepts.
- Developed reusable UI components and consistent layouts for desktop, tablet and mobile-responsive websites.
- Collaborated directly with clients to understand requirements, refine interface designs and deliver practical digital solutions.
- Designed and developed 30+ responsive WordPress websites for clients across multiple industries.
- Translated Figma designs into responsive Elementor Pro websites; customized WooCommerce functionality and resolved layout and performance issues.

INDEPENDENT UI/UX DESIGN PROJECTS

Designed self-initiated mobile app UI concepts in Figma, exploring high-fidelity screens, interactive prototypes, reusable components, navigation patterns and visual consistency.

ADDITIONAL EXPERIENCE

UI/UX & Web Designer | Grandeur Marine International | 2020–2021
Designed responsive website interfaces, wireframes and visual layouts; maintained the company website and created promotional materials.
